

RedrobHorizons—Work Anywhere. Belong Everywhere.

Challenge 2: Grow an AI Platform | India.Runs
Ideathon 2026

REDROB AI

The Problem

The Dream vs Reality

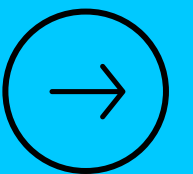

Every Indian dreams of seeing their own country. But travel feels like a luxury. Meanwhile millions are told to freelance with zero guidance on how to start or where to go.

The Gap

Nobody Is Solving This

- ✗ MakeMyTrip → Tourism
- ✗ Naukri → Jobs
- ✗ Fiverr → Freelancing
- ✓ Nobody combines Work + Travel + Community

Vision

What If Work Looked Like This?

Work from Manali

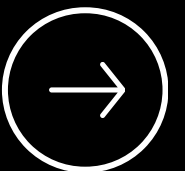

Earn from Goa

Live with communities in Sikkim

Your next paycheck comes from here — not a cubicle.
Your office is wherever opportunity meets experience.
